Story Build Instructions

Baby Turtle Rescue

By Paul Hansford

IMPORTANT: READ THIS FIRST

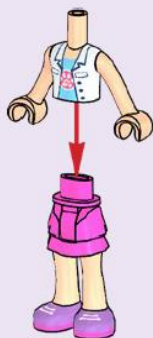

This book replaces the LEGO® instructions of Turtle Protection Vehicle.

With these Story Build Instructions you will read about how Emma and Layla rescue a baby turtle while building your model.

Hi my name is
Emma! I am
learning to surf
today!

1

2

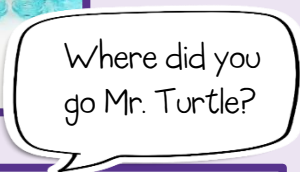

What a fun surf board. Thank you.

Don't fall Olivia.

Maybe Layla can help me find him.

Layla, you are a
good surfer. Can
you help me find
Turbo?

Happy to help you
Emma.

But who is Turbo?

Turbo is my new
turtle friend. He
is sad, and I don't
know why.

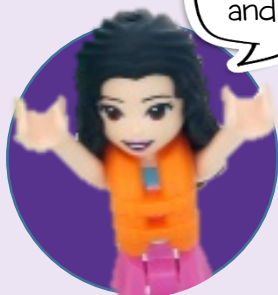

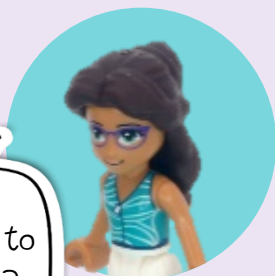

He is not over here anymore Emma.

He must have swam to another beach.

We need to visit all the beaches and find Turbo!

How are you going to visit all the beaches? That will take all day.

I can build something to help.

We'll add medicine
in case the turtle is
sick.

And a bottle of
milk in case the
turtle is hungry.

This turtle car will help me find Turbo!

Where are you
Turbo?

Have you seen
Turbo?

Yes! He pinched me.
He was red with
sharp claws.

No. That is a crab.

I found Turbo!

Don't worry Turbo.
I am here to help
you.

Here is some
medicine.

If you don't like
medicine, maybe
you will like milk.

You drank that
up fast. Let's
find you more
food.

We have a long
ways to go
back. Maybe you
should drive.

I will drive
then and you
walk ahead
Turbo.

1 Hour later...

3 Hours later...

At this rate,
we will never
get home.

I need to
build
something to
carry Turbo.
