and story to:

(sold separately)

IMPORTANT: READ THIS FIRST

This is a book and instructions combined together.

Please build Turtle Protection Vehicle before reading this book.

You will POWER UP Emma's Turtle Protection vehicle to help with an underwater rescue mission.

4

Emma's baby turtle has asked for help to find its mother.

You miss your mom
don't you. Don't
worry baby turtle. I'll
help you find her.

I wonder where
Turbo's mother is
Layla?

I think I will
need to change
into a swimsuit. I
have to look
good!

1

I like how your
swimsuit matches
your surf board
Emma.

Thanks. I
made it
myself

It looks like
Turbo wants us
to stop here.

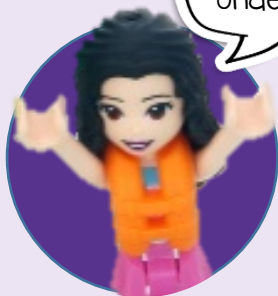

Emma be
careful. The
water is really
deep here.

I will transform our turtle car so it can go underwater.

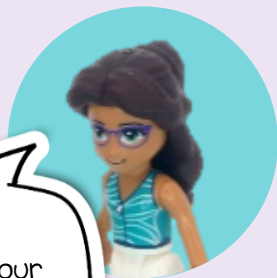

Good idea. I think Turbo wants us to go down with him.

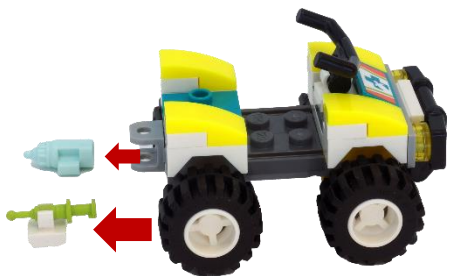

I will add jets and fins to our turtle car so it can go underwater.

Or we could add our surf boards to the turtle car so it can float.

Thank you for
your help building
this sub Layla.

Turbo, it is time
to jump off and
find your mom!

Whoops. My life
jacket will not let
me go under the
water.

You need some
scuba gear Emma.

1

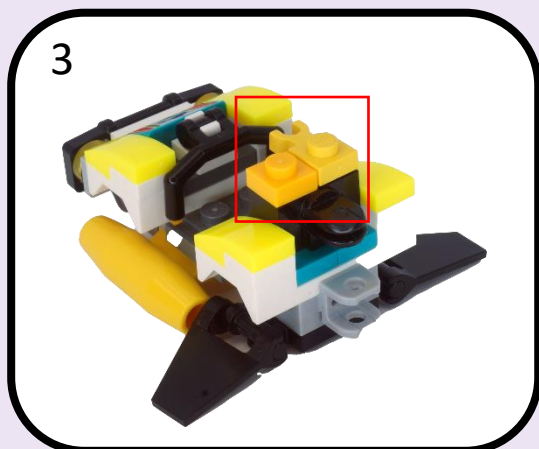

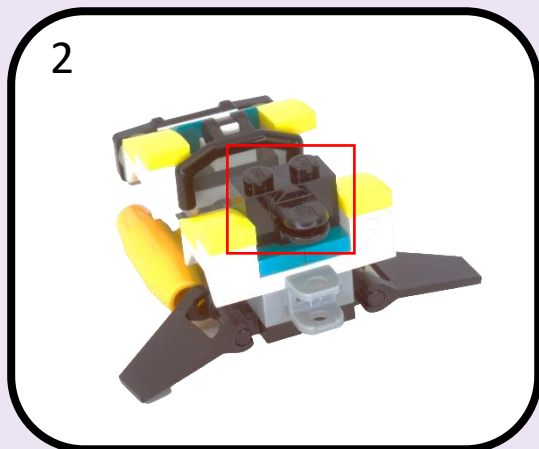

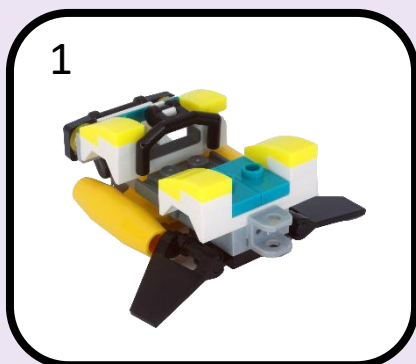

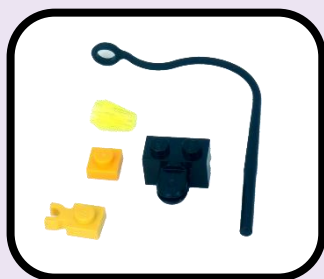

I am ready to go
under the water
and find Turbo's
mom!

Turbo it is too dark under the water. I can't see anything.

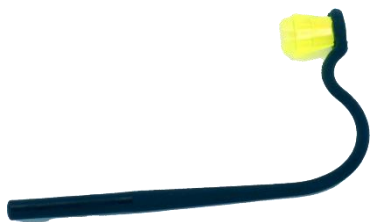

I need to build something so we can see.

4

6

Now I can see you
Turbo with my
hanging light !

Let's go find
your mom !

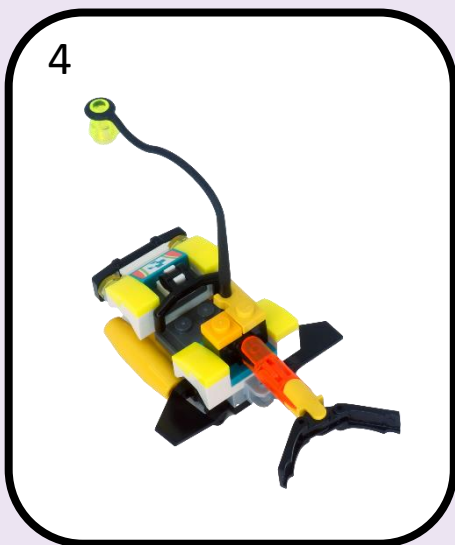

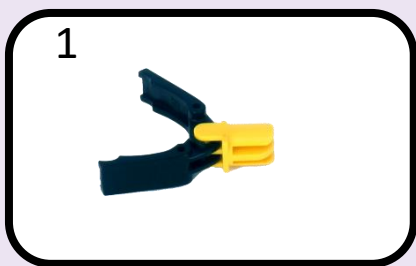

Hi Turbo's mom.

We need to stop
those mean crabs
from pinching
Turbo's mom.

Turtle sub to
the rescue!

Goodbye mean
crabs. Let's get
you both home.

We made it all
back to the
beach with
Layla!

Good work Emma.
Now we need to build
a new home for these
turtles.

Build a Solution

What kind of home should Layla and Emma build for Turbo and his mom?

Keep in mind Turbo likes ice cream and he is afraid of crabs.

Use your own bricks and imagination to help Turbo:

- Is the house made of trees and rocks?
- Do they make a house in the town ice cream shop?
- Do they turn the turtle sub into a home?
- Or come up with your own creative idea!

The End
