IMPORTANT: READ THIS FIRST

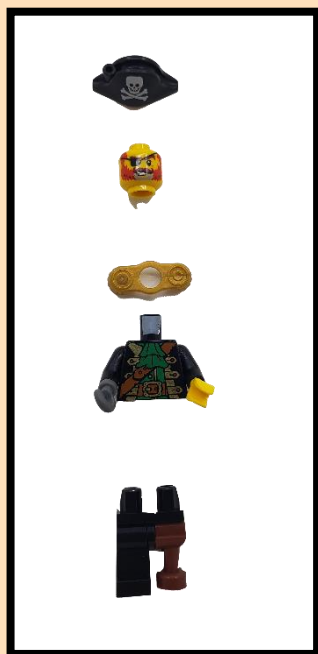

This is a book and instructions combined together.

Please build Zane's Power Up Mech EVO (71761) before reading this book.

While **POWERING UP** Zane's Mech EVO you will read the story of how Zane became the pirate captain.

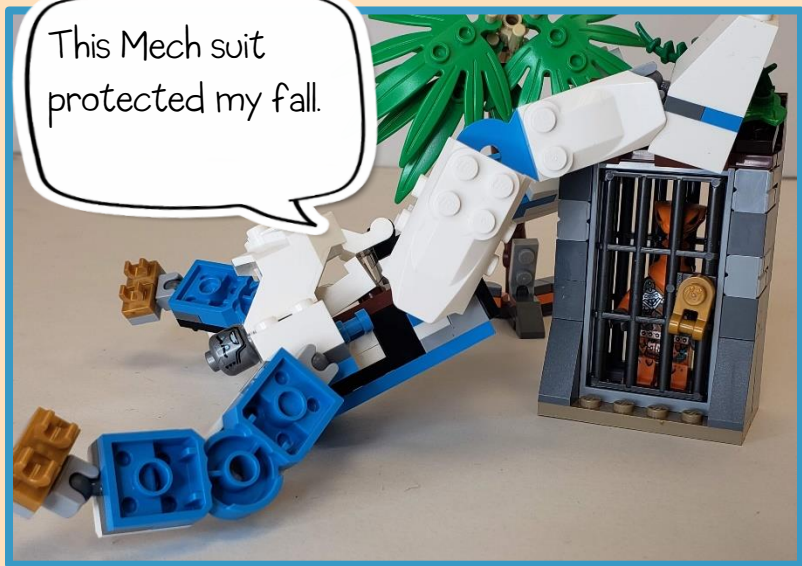

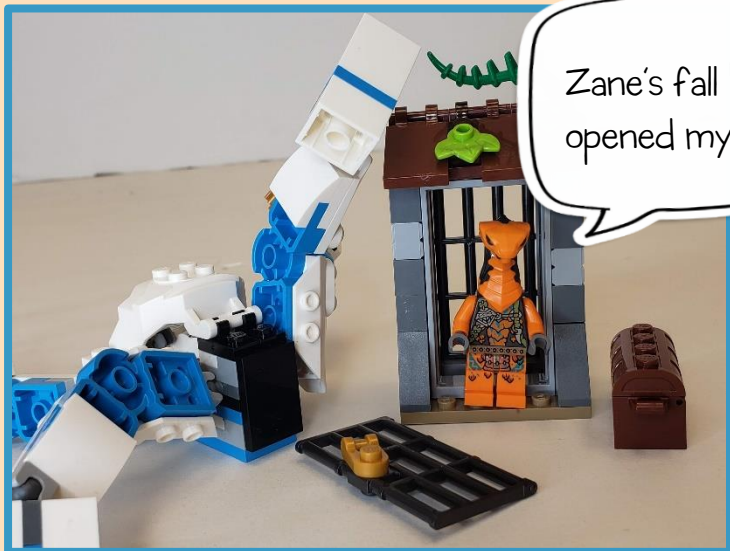

2

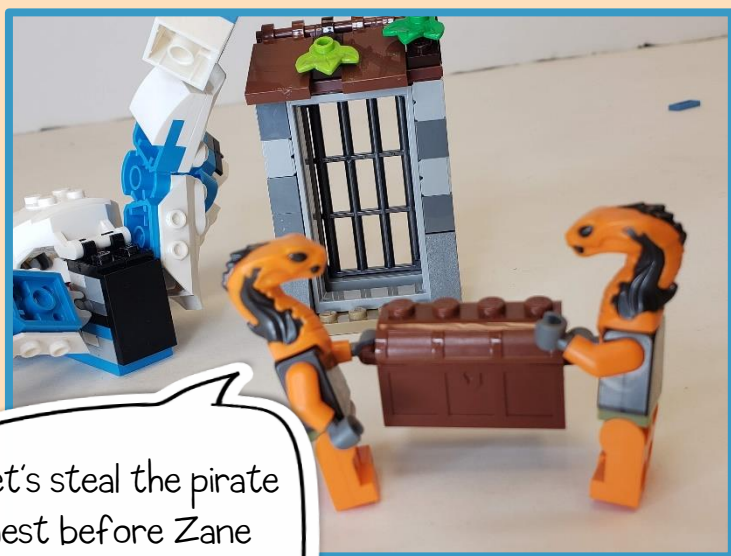

Zane has fallen down a giant waterfall in his ice Mech suit.

This Mech suit protected my fall.

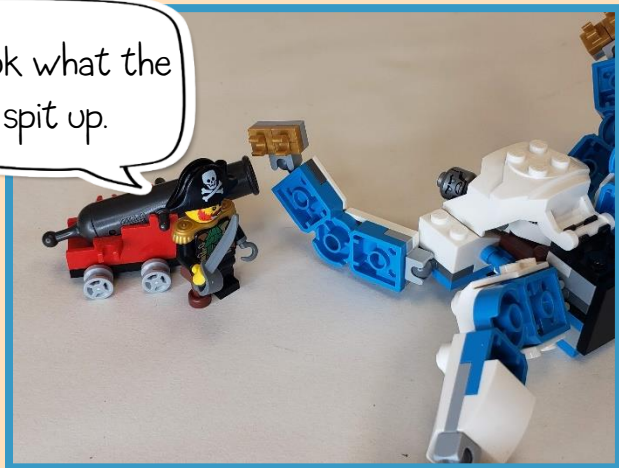

Zane's fall has
opened my cage!

Let's steal the pirate
chest before Zane
wakessssss up.

A few minutes later...

Look what the sea spit up.

I have seen fish fall off the waterfall but never this big of one.

I am not a fish. I am a robot ninja, Zane.

You look like a fish Zane. I am Pirate Redbeard.

Will you help me get back up the waterfall?

Maybe. But first you have to get back my chest.

What chest?

You broke my jail. And the snakes escaped with my chest.

Stupid snakes.

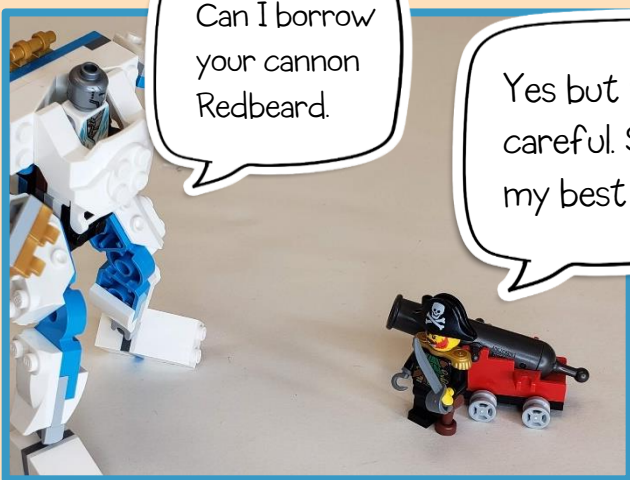

I'll fight the snakes and get your chest back.

I will fight the snakes
with my ice sword.

Oh no. I lost my ice
sword in the fall. I
have no weapon
now.

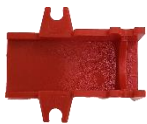

Can I borrow
your cannon
Redbeard.

Yes but be
careful. She is
my best friend.

This cannon is so cool. Those snakes will pay now.

Deep in the pirate jungle.

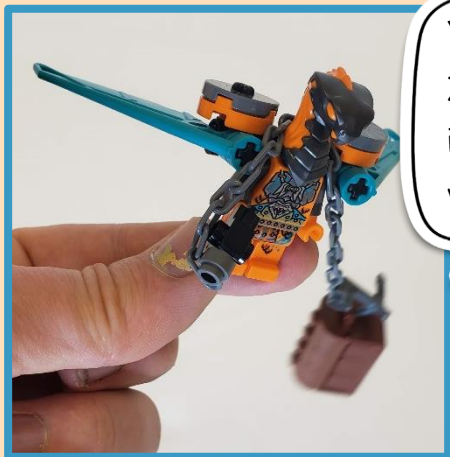

Good find my
snake brothers.
Redbeard's chest
is ours!

Fly it up, so
Zane can't
save it!

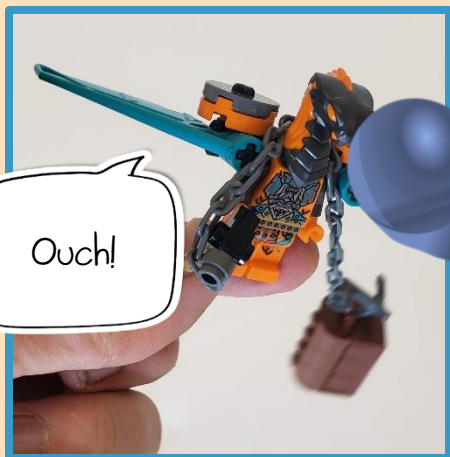

Did you call my
name? Give me
back the chest!

Run!

You are too late
Zane. The chest
is flying away
with me.

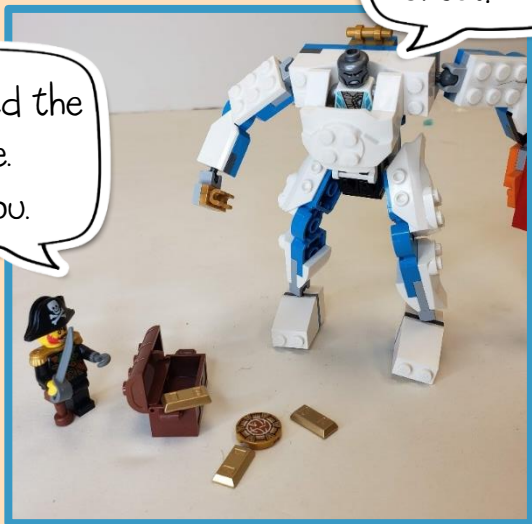

Pirate cannon
power.

Ouch!

You saved the
day Zane.
Thank you.

The snakes
dropped the
chest!

Zane I want you to have
this gold pirate relic.
It will give you strength.

I can feel this
relic evolving
my Mech suit.

I am robot
Zane evolved!

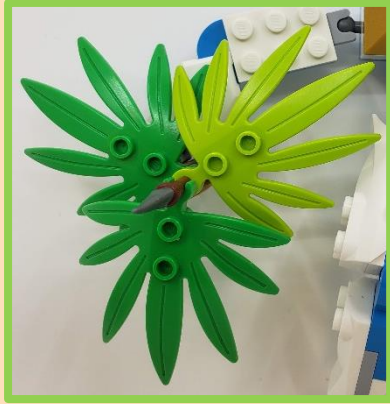

The pirate spirits look
favorably on you Zane.

I think the spirits would
want you to have one
of our secret **PIRATE
WEAPONS** to go with
your evolved mech.

Thank you Redbeard
for making me a true
ninja pirate.

You are just missing one
thing. You need a
captain's hat. I want you
to have mine.

I salute you Pirate Captain Zane! May the seas be good to you.

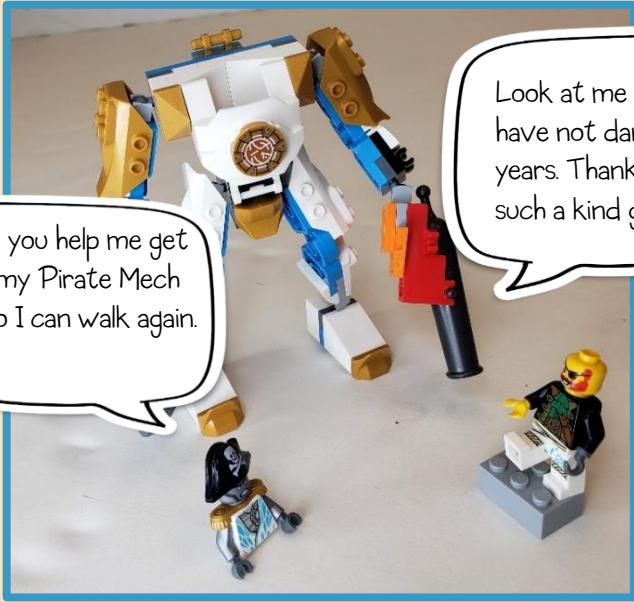

Come with me
Redbeard. Join our
Ninja crew.

I wish I could Zane.
But this peg leg makes
it so I cannot walk. I
am stuck at the
bottom of the
waterfall.

Then I want you to
have my robot legs
Redbeard. Let me help
you too.

Look at me Zane! I have not danced for years. Thank you for such a kind gift.

Could you help me get up in my Pirate Mech suit so I can walk again.

Zane look behind you. It looks like your Mech is evolving one last time.

This **BANNER OF COURAGE** gives me even more strength. Watch out snakes.

You showed **COURAGE** Zane. Not by fighting snakes, but by serving those who have less. Giving up your legs was true **COURAGE**.

Now let's get you up that waterfall and back to your friends, together.

Build a Solution

How can Zane and Redbeard make it up the giant waterfall?

Use your own bricks and imagination to help Zane climb up to the top of the waterfall (your table).

- Does Zane use his new powers?
- Does Zane and Redbeard build a ship that can climb up waterfalls?
- Does Zane build a giant tower?
- Or come up with your own creative idea!
