

Escape the Volcano

Empty the bucket of dinosaurs and find the tiniest dinosaur.

Turn the page.

My name is Little Fang. I am a tiny dinosaur, but I can also travel back in time whenever I want. This story is about how I save all of my friends from a Volcano. Hopefully...

I might need your help and we will probably need to try many times to win.

Put the bucket behind Little Tooth. The bucket represents the volcano in the story.

Turn the page.

I was taking a walk up a mountain when I noticed red water coming out of the top. The red water was really hot. I was not standing on a mountain at all but a live volcano.

I need to escape this volcano fast or I was going to burn.

Set up the toys like in the next page to help tell the story of Little Tooth escaping the volcano. Start Littletooth at the top of the lava rocks.

Then turn the page.

Dino

Flying
Dinos

I need to escape. I run down the volcano and see three ways I can go. i could go to the T-Rex. I could go to the flying dinosaur, Pterodactyl, or I could try to hop over the lava rocks.

I go to the

T-Rex

Turn to page 10

Flying Dinosaur

Back to the Volcano

Turn to page 20

T-Rex

I am a lot smaller than a T-rex so I try to be brave and run over to him.

I try to tell the T-rex that there is a volcano. But he is really hungry and eats me before I can tell him.

Soon after the T-Rex dies to the volcano.

Try Again!

Little Fang can travel back in time. Go to page 4 and try again.

The Flying Dinosaur

I run to the baby flying dinosaur. He is sitting next to some eggs, and his parent is not in site. I do not think the baby dinosaur knows about the volcano.

I ask the baby dinosaur to ...

Help me fly past the lava

Turn to page 14

Give me an egg

Turn to page 16

Fly to his mama

Turn to page 22

Run away from the volcano

Turn to Page 18

Help me fly past the lava

I tel the baby that I need her help flying past the lava rocks ahead. She picks me up in her wings.

But her wings are not strong enough. She drops me in the lava and i get burned!

Try Again!

Little Fang can travel back in time. Go to page 4 and try again.

Give me an egg

I tell the baby that I am hungry and I need an egg. She squaks and says they are her parents. But I am bigger than her so I take an egg and just leave..

Now that I have an egg, what should I do?

I go to the

T-Rex

Lava Rocks

Turn to page 18

Back to the Volcano

Turn to page 20

Lava Rocks

To run away from the volcano, I need to run past the volcano rocks.

The lava is really hot. And I have tiny legs, so it is hard for me to jump. But I need to escape the lava, so I make myself brave and I start jumping.

I jump to the first rock. But on the second rock
I slip and fall into the lava. It burns!

Try Again!

Little Fang can travel back in time. Go to page
4 and try again.

I get a crazy idea. I run back to the volcano.
When I get up to the top the smoking is really
dark. The volcano explodes and launches me
into the sky. That did not work very well.

Try Again!

Little Fang can travel back in time. Go to page
4 and try again.

You need to fly to your mama

I tell the baby to fly back to his Mom. He does not want to. I point at the smoke coming out of the volcano and that is dangerous.

This scares the baby and he flies across the lava to his mama and papa..

Take the baby flying dino and put her with her mama and papa on the other side of the lava.

Then turn the page.

I go to the

T-Rex

Back to the Volcano

Turn to page 20

Steal a Flying Dino Egg

Turn to page 25

Egg Stealing

With the baby dino gone it is really easy to steal an egg.

I steal one and eat it really quickly. And then I take another one just in case I get hungry later.

Turn to page page 17

T-Rex

I run over to the T-rex. He starts chasing me, trying to eat my tail. I toss a dino egg at him to distract him.

While he is eating the egg, I tell him there is a volcano exploding, and I need his help. The T-Rex thanks me for letting me know and offers to take me on his back.

I jump on the T-rex, and he slowly starts hopping over the lava.

I do not think he is going to make it but his legs are long enough we make it to the other side!

Put the T-rex and Little Tooth on the other side of the lava. They made it across!

Then read the next page.

I can still see the volcano and need to escape. I notice the flying dino's parents are here, and there is also something strange hiding in the bushes.

I will ...

Talk to the flying dinos

Turn to page 32

Look at what is behind the bushes

Turn to page 34

Tell the T-Rex to run away

Turn to

Try to run away

Turn to page 31

Run Away

I run as fast as I can away from the volcano.

I warn the other dinosaurs who can hear me.
But it does not matter.

The volcano explodes and covers me and my
friends in lava. I cannot run fast enough.

Try Again!

Little Fang can travel back in time. Go to page
4 and try again.

The T-rex and I walk over to the flying dinos. I should warn them about the volcano too.

But it is too late. The T-rex runs at the flying dinos and eats them.

Oh no! The T-rex is so hungry he stops listening to me. He's going to get burnt.

Now I will...

Try to run away

Turn to page 31

I tear down the bushes with my teet. On the other side I see a strange lid.

It looks like the lid might fit really well on top of the volcano.

I will ...

Talk to the flying dinos

Turn to page 32

Tell the T-Rex to run away

Turn to page 36

Try to run away

Turn to page 31

Drag the lid back to the volcano

Turn to

I tell the T-rex that he should run away without me.

He's sad, he thought I was going to be his friend.

Or he still wanted to eat me?

I push him away and work on my own escape.

I will ...

Talk to the flying dinos

Turn to page 32

Look at what is behind the bushes

Turn to page 34

Try to run away

Turn to page 31

I try to drag the lid to the volcano back to the volcano. But when I get to the lava, my feet get too hot, and I slip and fall in.

So close!

Try Again!

Little Fang can travel back in time. Go to page 4 and try again.

I tear down the bushes with my teet. On the other side I see a strange lid.

It looks like the lid might fit really well on top of the volcano. Maybe it blew off?

I will ...

Talk to the flying dinos

Turn to page 42

Try to run away

Turn to page 31

Drag the lid back to the volcano

Turn to page 38

Is the baby flying dino with the parents?

Yes

Turn to

No

Turn to page 43

I tell the flying dino parents about the volcano.

They do not seem worried, they tell me they can just fly in the sky.

I ask them if they will help me, but they tell me they need to find their baby first.

I will ...

Try to run away

Turn to page 31

Drag the lid back to the volcano

Turn to page 38

I say hi to the flying dino family. The baby dino bites me, which I think means he likes me.

The parents thank me for helping them and ask if they can help me.

I ask the parents to ...

Fly me away

Turn to page 47

Help me with the item behind the bushes

Turn to

Watch me run away on my own

Turn to page 31

I ask the parents to fly me up in the sky
when the volcano explodes. They agree.

From the sky I see the T-rex burn. I see all
the trees burn. I see my house burn. It makes
me sad.

The flying dinos said I could live with them
but I would have to learn to fly.

THE END?

Or you can try again.

Little Fang can travel back in time. Go to page
4 and try again.

I tell the dino parents that there is a lid behind the bushes. I think it fell off the volcano, and they should try to put it back on.

With all 3 of them, they manage to lift up the lid and fly it ontop of the volcano. They screw it on tight and the lava stops falling out.

All of the dinosaurs are happy that the volcano did not burn them.

We all throw a dance party around the volcano, and I am the guest of honor.

I may be Little Fang, but I saved the day thanks to your help!
