Thank you Master Wu
and Zane for helping me
save my dragon.

Don't forget,
you owe me a
pizza Lloyd.

Help me Lloyd!
It is freezing up
here on top of
Mount Fridge.

We have to
hurry Zane.

Don't forget,
I want extra cheese
and nails on my pizza.

I forgot how
big Mount
Fridge is.

I can feel the
chill through
my circuits.

Zane, build your
mech to protect
us from this
snow storm.

My ice blade
shield will
protect us.

Oh no my
tea got cold.

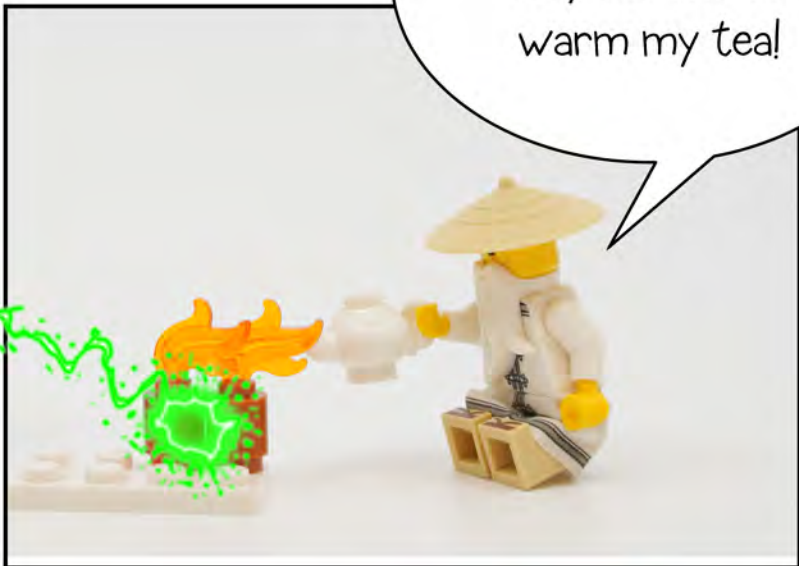

A few minutes later...

Ambush!
These green bolts
burn through my
armor.

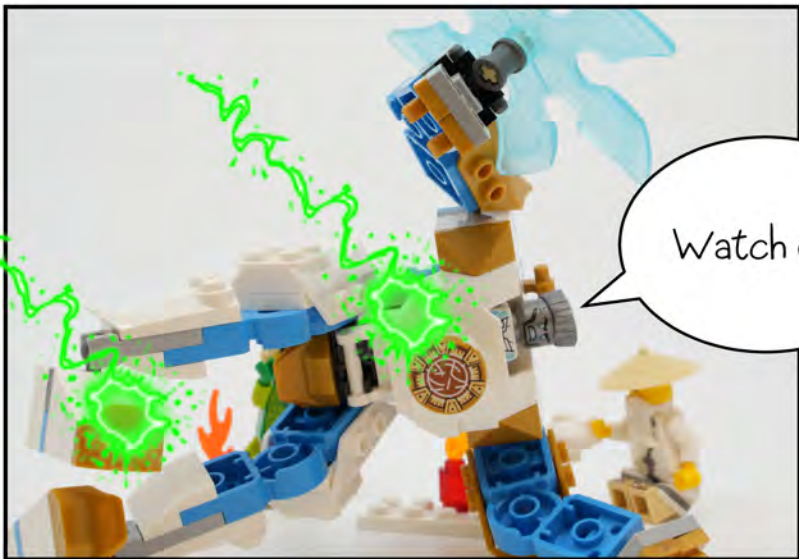

I can't see
who is
shooting.

This is the perfect
way for me to
warm my tea!

Watch out!

Keep firing the
Ooze Crossbow. The Ninjas
cannot get to the
dragon's treasure.

Ice Blade
Surprise!

I hate
Ninja robots.

Retreat!

Let's chase
after them
Master Zen.

First,
hot tea.

These Boulder
Cans will stop
the Ninjas.

What is that
rumble?

kaboom!

We are stuck
in this cave!

STORY STARTER

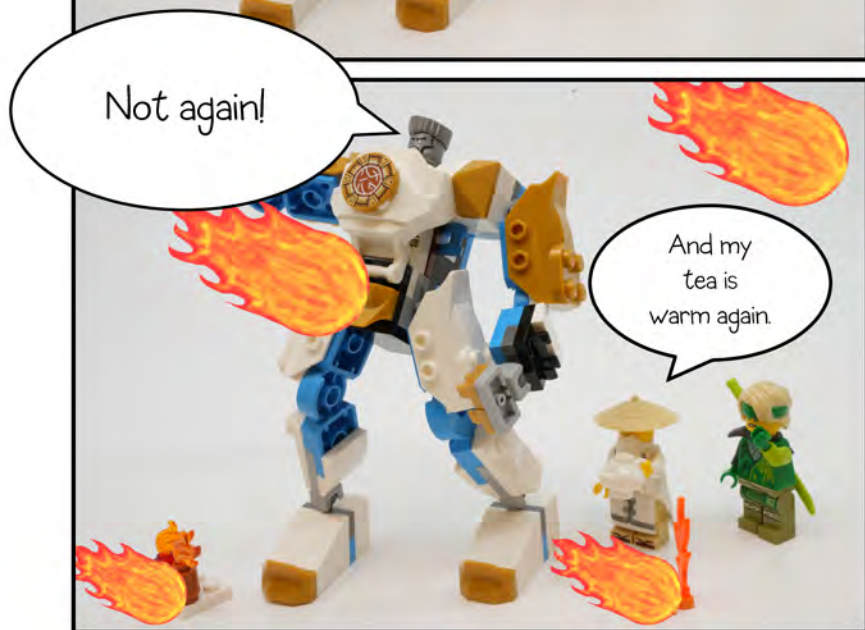

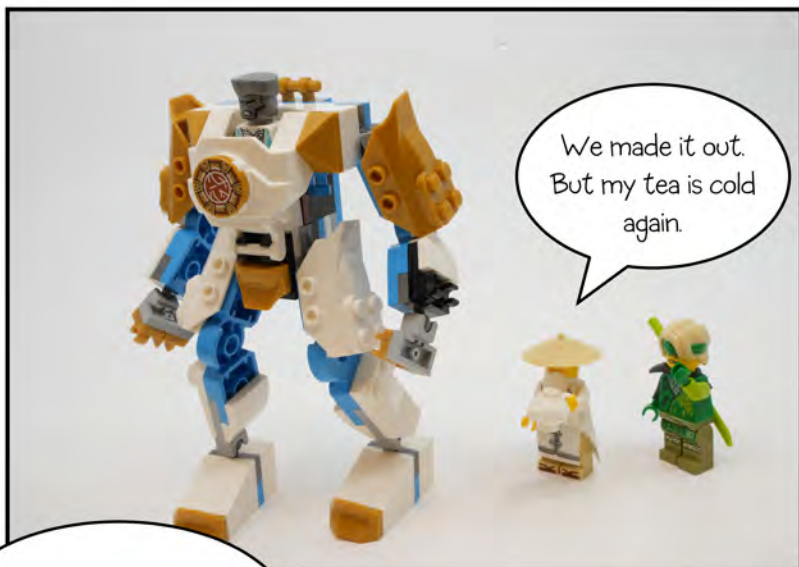

Line up "Boulder Cans" and shoot them down with my new Ooze Crossbow.

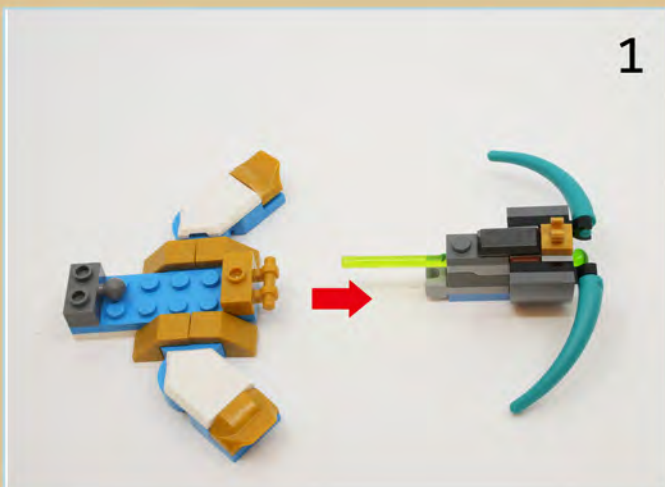

PUT EMPTY CANS RIGHT ON THE EDGE OF THE TABLE.

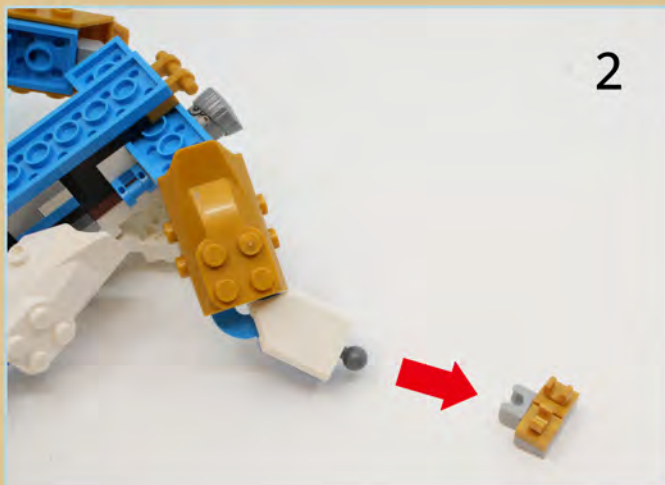

Take a picture and share
in the **LEGO Life App**

3

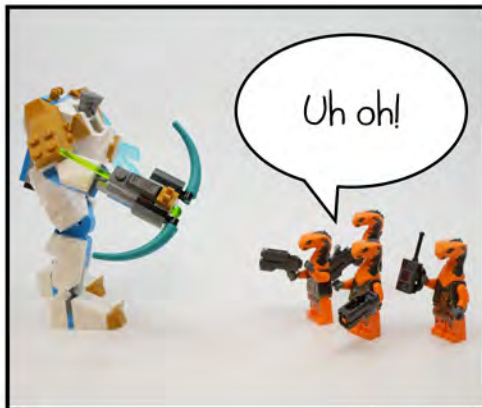

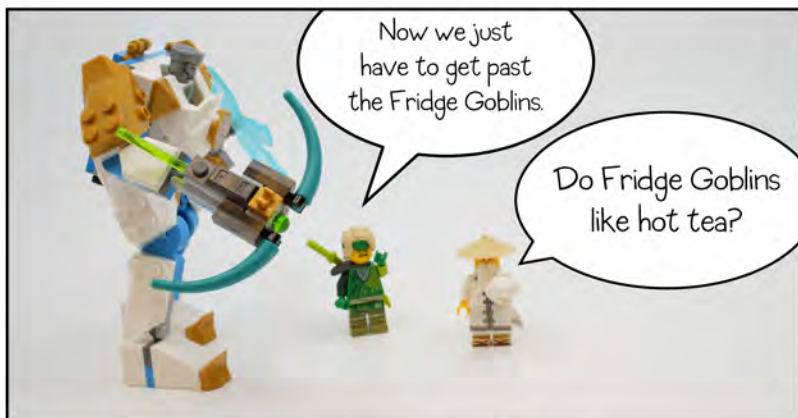

Say hello to my
Ooze Crossbow!

No fair,
yours is bigger.

Uh oh!

STORY STARTER

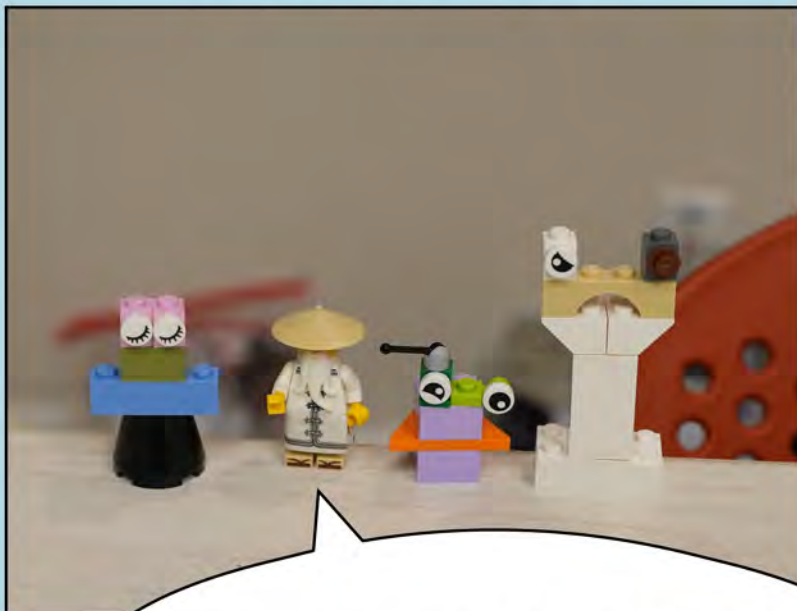

Build 3 Fridge Goblins to help Zane with Target practice.

Fridge Goblins can take any brick shape. Use your bricks and imagination.

All Fridge Goblins have evil googly eyes.

**PLACE MASTER WU AND THE 3 FRIDGE GOBLINS
AT THE EDGE OF THE TABLE.**

Help me Zane! Blast the Fridge Goblins
with your **Ooze Crossbow**
without hitting me off the table!

This Ooze Crossbow
is super strong.

We should be
safe getting
to the top now.

10 COLD HOURS LATER....

Oh no! Lloyd's
dragon is
frozen.

At least my
tea is
steaming hot.

STORY STARTER

Add something to Zane's Mech to help the dragon escape the ice.

My mech usually
Freezes bad guys.
I've never unfreezed.

Thanks for getting
me out of the ice.
My wings are still
frozen. So I am
stuck here.

Please take this
chest as a token
of thanks.

I can make
new weapons
with this gold!

STORY STARTER

Help tell a story of Zane bringing the chest down Fridge Mountain back to the Dojo.

Zane be careful.
There are more
Fridge Goblins
on the way down.

I wonder if there
is any more Boulder
Cans we missed?
