

Mud Stars

Hi. My name
is Fleabag,
and I have
magic feet.

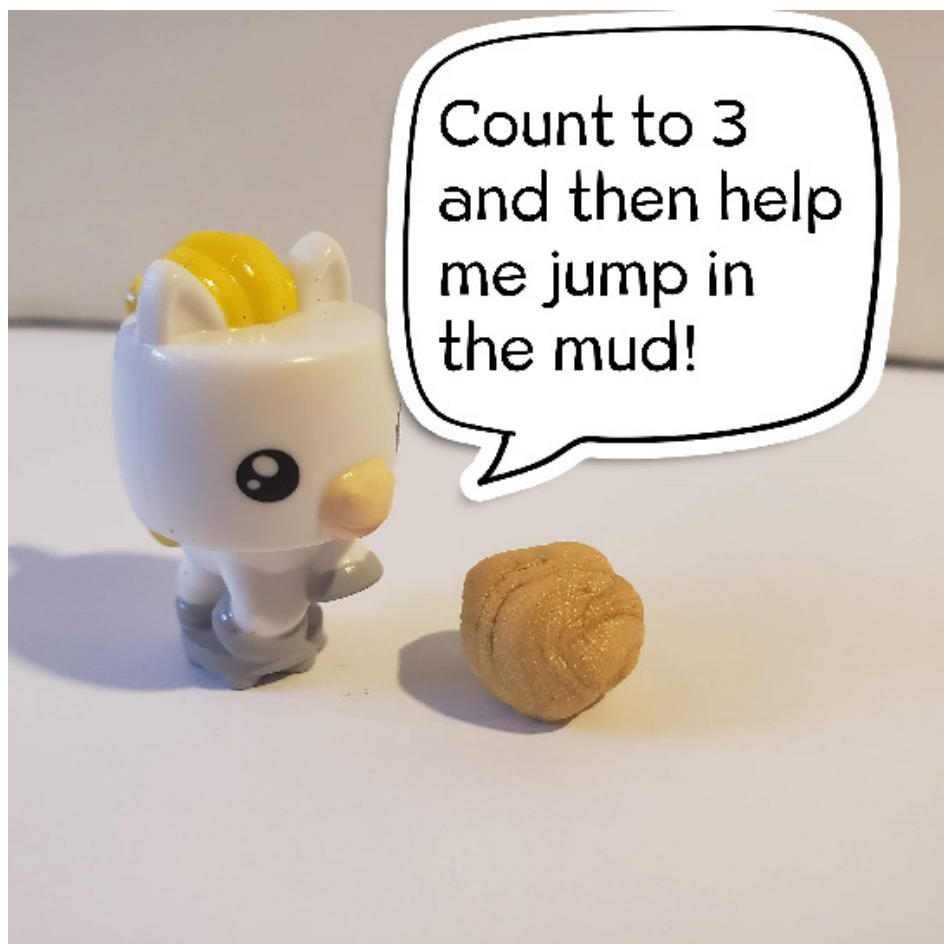

YOUR TURN
Open the
BLUE BALLOON
Bag

Roll up a
golden ball of
mud like this.

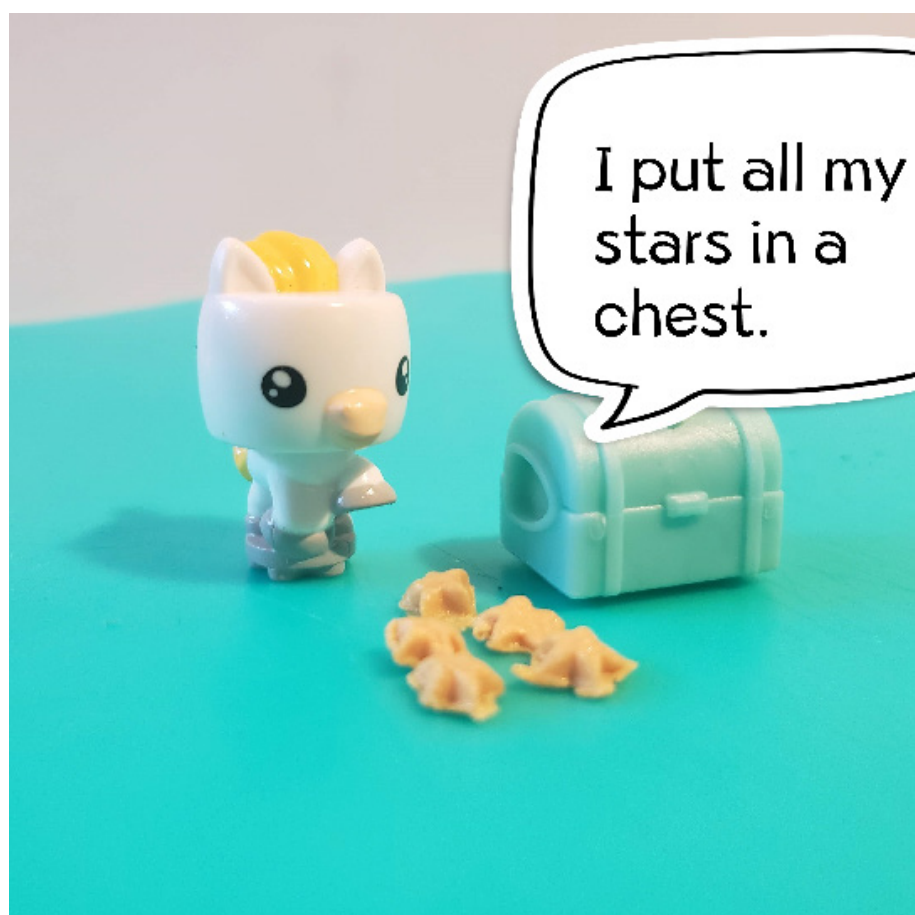

Horsefly
give me
your
mudstars!

No way,
Little Knight.
The stars are
mine!

When you
are sleeping
I will steal
them!

Not if I can
stop you!

YOUR TURN
Open the
PINK BALLOON
Bag

Fist put
Playdoh on
the pink wall
tool.

A close-up photograph showing a hand rolling a piece of pink Play Doh. A green rolling pin is being used to flatten the dough, which is resting on a pink plastic mat. In the background, there is a small white toy duck with a yellow beak and a yellow tuft on its head, and a small green container with orange beads. A speech bubble is overlaid on the image, containing the text: "Now roll the Play Doh to flatten it out."

Now roll the
Play Doh to
flatten it out.

Peel away
the extra
scraps.

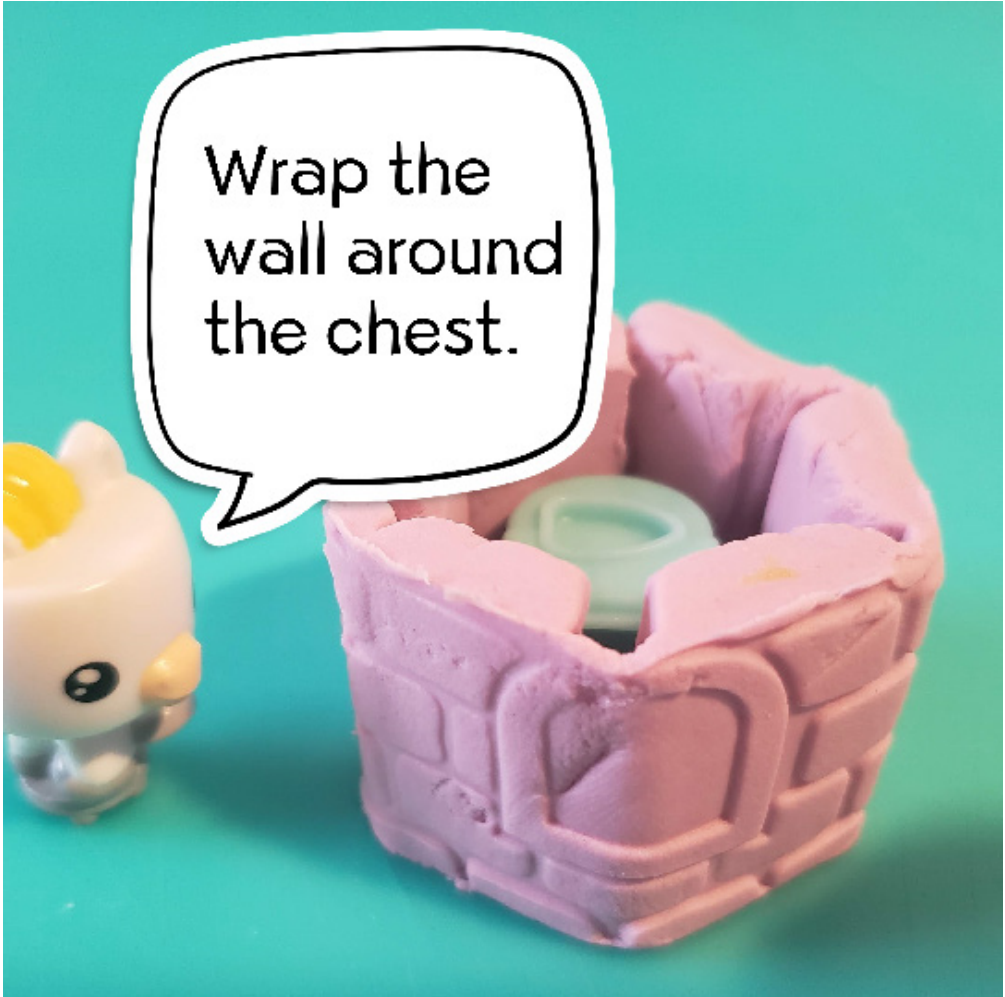

A small white cat figurine with a yellow crown and a pink rectangular mold are on a green surface. The mold is partially filled with a pink substance, and some of it has been peeled away, leaving a long, thin, irregular strip. A speech bubble with the text "Peel away the extra scraps." is positioned over the mold.

Peel away
the extra
scraps.

Put the top on
the pink roof.

Wrap the
wall around
the chest.
